

# Zero Injury Safety Hall of Honor

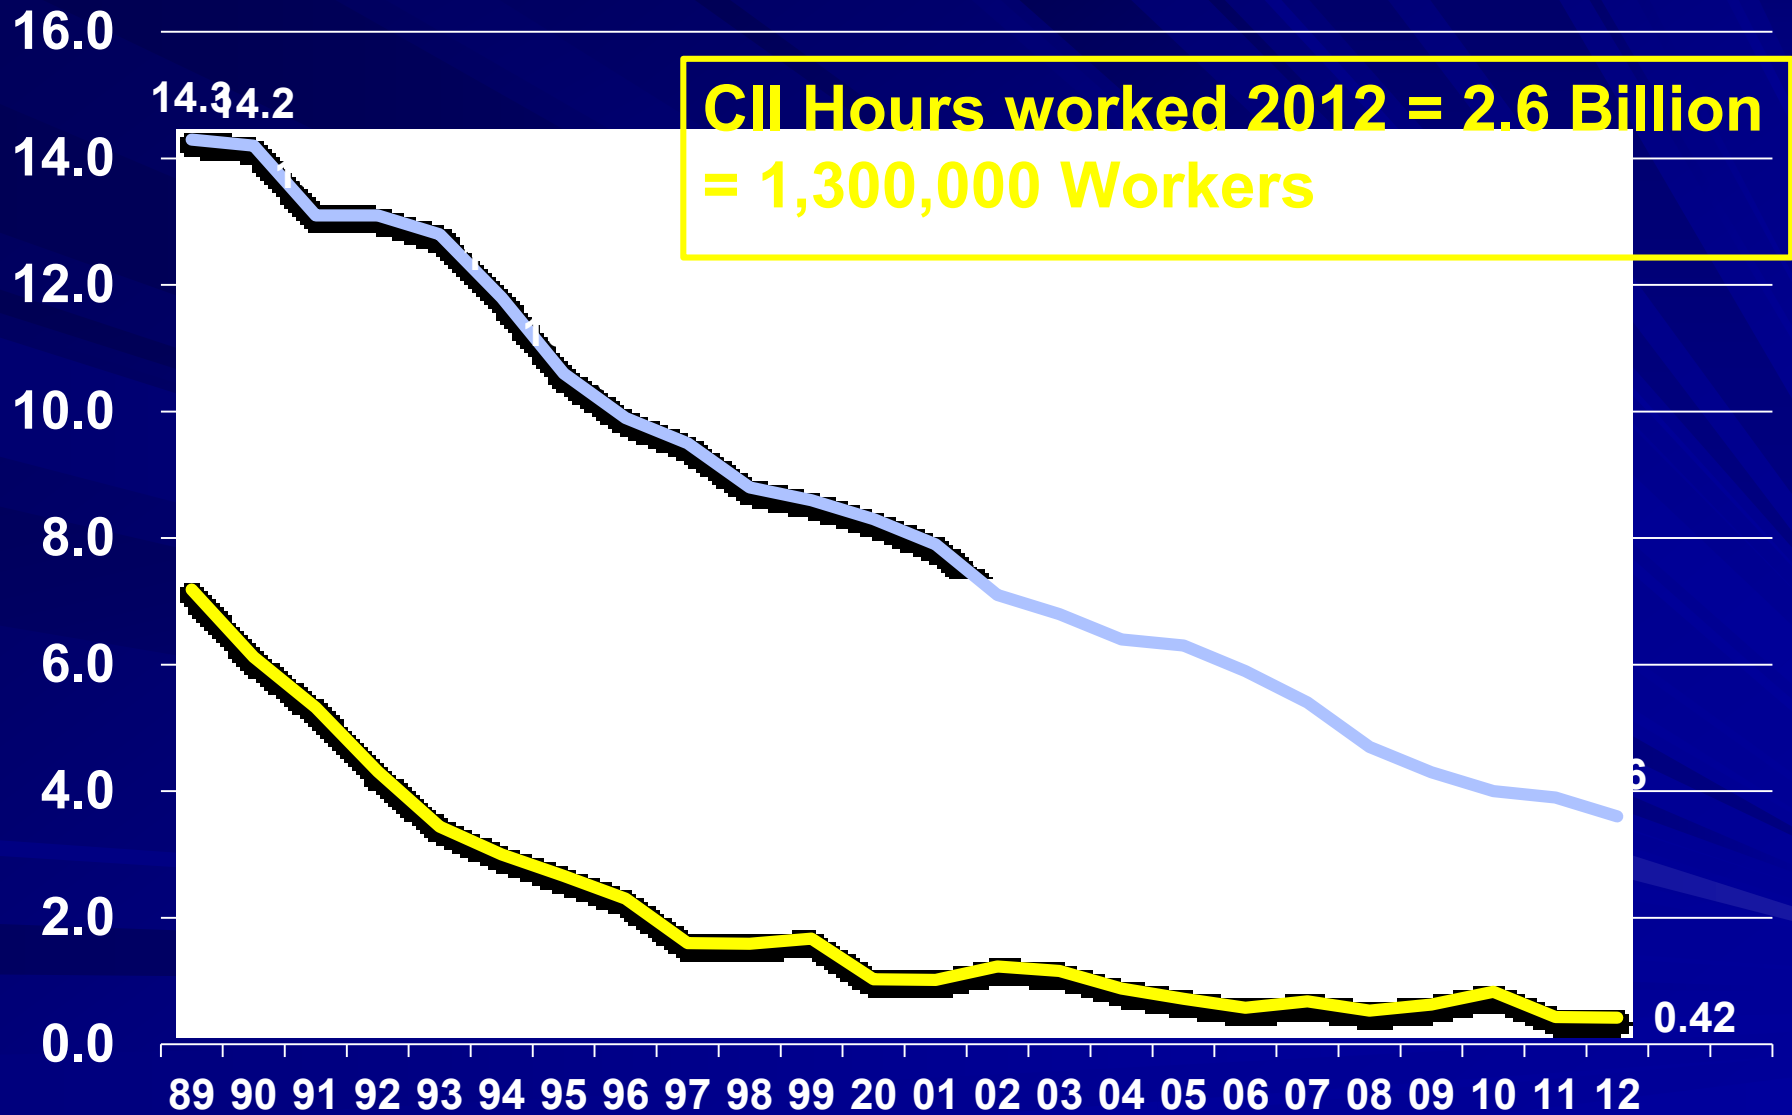

Sponsored by the  
**ZERO INJURY INSTITUTE®**  
**“We Preserve Families”**

April 02, 2014

The next two slides are the historical safety records of the member companies of the Construction Industry Institute, Austin, Texas  
[www.construction-Institute.org](http://www.construction-Institute.org)

# Nat. Avg. vs CII TRIR

# Nat. Avg. vs CII DART

**CII Hours worked 2012 = 2.6 Billion  
= 1,300,000 Workers**

# **The Zero Injury Institute Zero Recordable Injury Safety Hall of Honor**

The next series of slides show the historical safety records of construction companies/districts/divisions or projects that have achieved the one million hours in a string milestone with zero OSHA recordable injuries during the past 25 years.

# ZII - Zero Injury Safety Hall of Honor

## 10 - One Million Hours

Zachry – 1,020,000+

Shell Chemical, LA,  
1989

NPS Energy Services\* -

1,000,000+ Peach  
Bottom Power Plant. –1999

3,800,000+ Date??

# ZII - Zero Injury Safety Hall of Hono

## 3 – Four Million Hours

S&B E&C – 4,649,000

Houston, TX,

Oct 2003-Dec 2004 Company Wide

Kiewit-Southwest – 4,180,752

Phoenix, AZ –

July 2008-June 2011

Peter Kiewit Infrastructure CO.

Kearl Oil Sands Project

4,000,000+ Canada, 2014 ongoing

To put 4,000,000 hours in perspective it is equivalent to having 2000 employees go one full year without a recordable injury!!!!

Considering all the known occasions over a 25 year period when one million hours have been surpassed in North America without a recordable injury. The above list contains 51 records of 74 occasions where one million hours was exceeded. by a limited list of only 30 companies.

These clearly define the words “safety Excellence” and set the best of the best performance standard for the 21st Century.

Amazing!  
Congratulations to all.
